

Who to Contact

IELTS USA provides information and support to organizations that use IELTS to measure the English language proficiency of international applicants, and works with US stakeholders to increase the number of institutions and programs that use the test throughout the US.

US stakeholders with general IELTS inquiries, test report form verification inquiries, or score delivery inquiries may contact the designated US representative below:

Institutions starting with A-I: contact Kate McKeen at kmckeen@ieltsusa.org

Institutions starting with J-R: contact Donna Cameron at dcameron@ieltsusa.org

Institutions starting with S-Z: contact Julienne Llorico at jllorico@ieltsusa.org

In addition, IELTS USA manages the administration of IELTS test operations throughout the US test center network by providing training and support to official testing centers across the United States.

Test taker inquiries should be directed to the test center where the IELTS test was taken at www.ielts.org/testcenters.

If you are a stakeholder or test taker outside of the United States, please contact an IELTS representative from your region or submit an online enquiry form - <https://www.ielts.org/info-pages/contact-us>.
